**October 16-18, 2025**

## **MBT TRAINING FACULTY 2025 LOS ANGELES**

**Prof Anthony W Bateman MA, FRCPsych** is Consultant Psychiatrist and Psychotherapist and MBT co-ordinator, Anna Freud National Centre for Children and Families; Visiting Professor University College, London; Honorary Professor in Psychotherapy University of Copenhagen.

He developed mentalization-based treatment with Peter Fonagy for borderline personality disorder and studied its effectiveness in research trials. Adapted versions are now being used in multi-centre trials for antisocial personality disorder, eating disorders, and drug addiction. He was an expert member of the National Institute for Clinical Excellence (NICE) development group for treatment guidelines for Borderline Personality Disorder in the UK and is currently Chair of the National Guideline Development Group for Eating Disorders. His NHS clinical services are recognised by the Department of Health as a national demonstration site for the treatment of personality disorder. He was President of the European Society for the Study of Personality Disorders (ESSPD) from 2012 to 2015. He received a senior scientist award from British and Irish groups for the Study of Personality Disorder in 2012 and in 2015, the annual award for "Achievement in the Field of Severe Personality Disorders" from the BPDRC in the USA.

He has authored 14 books, including Psychotherapy for Borderline Personality Disorder: mentalization based treatment and, most recently, Mentalization Based Treatment for Personality Disorder: A Practical Guide (2016) (with Peter Fonagy), numerous book chapters, and over 120 peer-reviewed research articles on personality disorder and the use of psychotherapy in psychiatric practice.

**Robin Kissell, MD** is the Founder and Executive Director of the Mentalizing Initiative in Los Angeles, Associate Professor of Psychiatry at the UCLA David Geffen School of Medicine, and a Training and Supervising Psychoanalyst at the New Center for Psychoanalysis in Los Angeles.

**Natalie Brooks, MA, LMFT**, is a licensed psychotherapist in private practice in southern California, and the Assistant Director of the Mentalizing Initiative. She developed the outpatient Mentalization Based Treatment program for UCLA students with borderline personality disorder. She is certified as a supervisor for mentalization-based treatment and has been practicing MBT since 2009.

**Carl Fleisher, MD** is a board-certified adult, child, & adolescent psychiatrist in private practice in Los Angeles. He is certified as a supervisor for mentalization-based therapy for borderline personality disorder, specializing in work with adolescents with BPD.

**Jolene K Sawyer, MD** is a board-certified psychiatrist in private practice in Santa Monica and the UCLA Mood Disorders Clinic. She trained in MBT as part of the Borderline Personality Disorder Initiative at UCLA.

## **Continuing Education Grievance Procedure**

The Mentalizing Initiative (MI) is fully committed to conducting all activities in strict conformance with the American Psychological Association's Ethical Principles of Psychologists. The MI will comply with all legal and ethical responsibilities to be non-discriminatory in promotional activities, program content and in the treatment of program participants. The monitoring and assessment of compliance with these standards will be the responsibility of the Continuing Education Chairperson in consultation with the members of the continuing education committee, the MI Ethics Chairperson and the Convention Chairperson.

While the Mentalizing Initiative goes to great lengths to assure fair treatment for all participants and attempts to anticipate problems, there will be occasional issues which come to the attention of the convention staff which require intervention and/or action on the part of the convention staff or an officer of the MI. This procedural description serves as a guideline for handling such grievances.

1. When a participant, either orally or in written format, files a grievance and expects action on the complaint, the following actions will be taken.

If the grievance concerns a speaker, the content presented by the speaker, or the style of presentation, the individual filing the grievance will be asked to put his/her comments in written format. The CE Chair will then pass on the comments to the speaker, assuring the confidentiality of the grieved individual.

2. If the grievance concerns a workshop offering, its content, level of presentation, or the facilities in which the workshop was offered, the convention chair will mediate and will be the final arbitrator. If the participant requests action, the convention chair will:

- a) attempt to move the participant to another workshop or
- b) provide a credit for a subsequent year's workshop or
- c) provide a partial or full refund of the workshop fee.

Actions 2b and 2c will require a written note, documenting the grievance, for record keeping purposes. The note need not be signed by the grieved individual.

3. If the grievance concerns the Mentalizing Initiative CE program, in a specific regard, the CE Chair will attempt to arbitrate. Please contact the Mentalizing Initiative's Continuing Education Administrator:

Robin Kissell, MD, 9777 Wilshire Blvd. Ste. 909, Beverly Hills, CA 90212  
or via email at [info@mentalizinginitiative.org](mailto:info@mentalizinginitiative.org), or telephone  
310-859-7912 to submit a complaint, or if you have additional  
questions.
